Q1. Answer: D

The Finance Commission (FC) is a constitutional body that determines the method and formula for distributing the tax proceeds between the Centre and states. The recommendations made by the Finance Commission are of an advisory nature only and therefore, not binding upon the government

Q2. Answer: A

Explanation:

5G has lower latency i.e. Network latency is defined as the amount of time taken for a data packet to go from one place to another. Since it takes less time in 5G for this, therefore it will have low latency than 4G.
